Unless otherwise specified, times referred to herein shall refer to and indicate Chicago time.

Each futures contract shall be valued at \$2 times the FTSE® China 50 Index ("Index").

### **38802. TRADING SPECIFICATIONS**

#### **38802.B. Trading Unit**

The unit of trade shall be \$2 times the Index.

#### **38802.C. Price Increments**

Bids and offers shall be quoted in Index points. Subject to Rule 38806.C., the minimum price increment shall be 2.5 Index points, equal to \$5 per contract, except for intermonth spreads executed pursuant to Rule 542.A., for which the minimum price increment shall be 0.5 Index point, equal to \$1 per intermonth spread.

The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.

A person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.

#### **38802.E. [Reserved]**

#### **38802.F. [Reserved]**

#### **38802.G. Termination of Trading**

Trading in expiring futures shall terminate at the regularly scheduled end of trading on the Hong Kong Exchange Securities Market on the Business Day scheduled for determination of the Final Settlement Price (Rule 38803.A.) for such futures.

#### **38802.H. [Reserved]**

#### **38802.I. Price Limits and Trading Halts**

The primary futures contract expiration month, as referenced in this rule, shall be determined by the Exchange. The Exchange shall also determine when the primary futures contract month is limit bid or limit offered.

#### **Reference Price for Exchange Price Limits and Exchange Trading Halts:**

Daily price limits in futures will be established on the basis of a Reference Price ("P") which shall be determined by the Exchange as follows:

##### **Tier 1**

Such Reference Price shall be the volume-weighted average price of transactions in futures executed on Globex between 3:59:30 and 4:00:00 p.m. Hong Kong time.

##### **Tier 2**

If no such transaction occurs, such Reference Price shall be the average of the midpoints of each bid/ask spread in futures during between 3:59:30 and 4:00:00 p.m. Hong Kong time, provided that bid/ask spread pairs wider than 10 Index points shall not be included in the calculation to determine

such Reference Price.

### Tier 3

If such Reference Price cannot be determined pursuant to Tiers 1 and 2 above, then the Exchange, in its sole discretion, shall set such Reference Price by alternative means which may include, but are not limited to, derivation by reference to the basis relationship between such futures contract's price and the Index, or application of Tier 1 and Tier 2 calculations to successive time intervals of increasing length, in integer multiples of thirty (30) seconds, until suitable price data are obtained.

The resultant Reference Price value shall be rounded *down* to the nearest integer multiple of 5 Index points. Such Reference Price, so rounded, shall be used for determination of the corresponding Price Limits.

In the event of an early close of the Hong Kong Exchange Securities Market, such Reference Price shall be made on the basis of the last thirty (30) seconds of the Hong Kong Exchange Securities Market trading day.

For newly listed futures, the Exchange shall set, in its sole discretion, a Reference Price value for the purpose of determining Price Limits for the first day of trading in such futures.

**Exchange Price Limit Levels:** The Price Limits shall be calculated daily based upon the Reference Price, P, and the value of the Index based on closing prices of Index component stocks made on the Hong Kong Stock Exchange Securities Market ("I"). The Offset used to derive the daily Price Limits shall be calculated as follows:

$$7\% \text{ Offset} = 7\% \text{ of } I, \text{ or } (0.07 \times I) \text{ rounded down to the nearest 5 point increment}$$

The daily Price Limits for futures shall be calculated as follows:

$$7\% \text{ Price Limits} = P \text{ plus } 7\% \text{ Offset, } P \text{ minus } 7\% \text{ Offset}$$

#### **Exchange Price Limits from 5:00 p.m. Chicago time to 9:30 a.m. Hong Kong time:**

There shall be no trading of futures at any price outside the range defined by the 7% Price Limits, where such 7% Price Limits are calculated on the basis of (i) the Reference Price determined by the Exchange immediately prior to the most recent Hong Kong Exchange Securities Market close and (ii) the Offset derived by the Exchange from the Index value based on the most recent Hong Kong Exchange Securities Market closing prices.

During this period of time, the contract shall also be subject to dynamic price fluctuation limits as set forth in Rule 589.D. and in the Special Price Fluctuation Limits and Daily Price Limits Table in the Interpretations & Special Notices Section of Chapter 5.

#### **Exchange Price Limits from 9:30 a.m. Hong Kong time to 4:00 p.m. Hong Kong time:**

Price Limits shall not apply during Hong Kong Exchange Securities Market hours.

#### **Exchange Price Limits from 4:00 p.m. Hong Kong time to 5:00 p.m. Chicago time:**

There shall be no trading of futures at any price outside the range defined by the 5% Price Limits, where such 7% Price Limits are calculated on the basis of (i) the Reference Price determined by the Exchange immediately prior to the most recent Hong Kong Exchange Securities Market close and (ii) the Offset derived by the Exchange from the Index value based on closing prices made at the Hong Kong Exchange Securities Market close first preceding the latest Hong Kong Exchange Securities Market close.

During this period of time, the contract shall also be subject to dynamic price fluctuation limits as set forth in Rule 589.D. and in the Special Price Fluctuation Limits and Daily Price Limits Table in the Interpretations & Special Notices Section of Chapter 5.
